Dear Sir:

Your letter dated May 19, 1942 to our Mr. A. H. Reiber with regard to a cipher system has been referred to me for consideration and reply.

From our understanding of the apparatus referred to in your letter it would seem that this company would not be interested in the production and distribution of such apparatus. We thank you, however, for referring the matter to us as we welcome the opportunity of considering apparatus possibly within our manufacturing activities.

Yours very truly
